

## Services for Doctors

**JW Hinks has many years' experience in working with doctors, so we appreciate that good financial planning and management are vital in order to run a successful practice.**

In addition to providing tailored accountancy and taxation services, our specialist advice can make a real difference when you are dealing with issues such as acquisitions, disposals and mergers, specialisation or diversification within your practice. We are members of the Healthcare Group of the Institute of Chartered Accountants in England and Wales.

### Our Team
